**GENERAL GOALS:** To assist high school youth through animal-assisted growth, learning and therapeutic models.

### SPECIFIC USE FOR THIS AWARD:

We have significantly impacted over 250 youth last year with our on-going programs and another 300 with a one-time therapeutic experience.

These individuals, as well as thousands of community members, were touched by our Mobile ANT animals and program teens. This coming year, 2014, we expect to serve even more of our community's low income and at-risk youth.

The empowerment and transformation of these youth is possible because of your generosity and willingness to share your gifts. With your financial help comes hope. All of our youth really need hope, now more than ever.
