To Ms. Sheldon and the Tulalip Tribes Charitable Contributions Committee -

Thank you very much for your generous donation of [REDACTED] to AtWork! made in spring 2017. Your partnership has allowed us to provide customized job training support for hundreds of people with disabilities, fostering independent living and greater quality of life for all.

Your support helped make FY17 a recording breaking year for AtWork!'s programs. We served 355 individuals through our Employment Services, with 75 new job placements – the highest ever. AtWork! also became the Bellevue School District's exclusive provider of the School-to-Work program, serving 32 high school students seeking job training support for a successful transition into the workforce. Additionally, we added two staff members to the Community Inclusion program, which helped us support elder individuals waiting for this service for a long time. Our capacity growth allowed us to support 39 individuals through Community Inclusion, exceeding the number served in the previous year.

Geographically, AtWork! has expanded our reach in Snohomish County, more than doubling our previous staff and clients in the area during the previous year. AtWork! is also in the process of building an additional site in Spokane, where we offer Employment Services and School-to-Work.

Thank you again for your gift to AtWork!. Please do not hesitate to contact with me with further questions regarding the impact of your donation.

Sincerely,

Dennis Maughan
