## Organization's General Goals:

Originally founded in 1982, the Brain Injury Alliance Washington (BIAWA) has become a statewide resource for individuals with brain injury, managing the Washington State Brain Injury Resource Center and offering intensive resource management in most counties. The BIAWA is proud to serve 10,000+ individuals a year through free classes, support groups, information and referral services, and social opportunities.

Hello Marilyn,

My name is Maura. I am the development coordinator for the Brain Injury Alliance of Washington. Tulalip Charitable Contribution Fund was tremendously generous to us and helped provide funding for two of our support service activities for survivors of Brain Injury in northern Washington. Thank you so much!

I am writing to provide a report now that our project is complete. I have attached a few photos from our Cruise Around Chuckanut Bay and our excursion to the Everett Aquasox Baseball game. Many brain injury survivors have immense difficulty socializing following their injury and activities like these offer an opportunity for individuals to connect with others going through similar experiences and facing similar challenges. The sense of comradery and the connections that were made at these events were amazing. We had over 75 individuals participate. BIAWA impacts over 10,000 individuals every year through our resources spread throughout the state including our Washington Brain Injury Resource Line, our one-on-one resource management team, conferences and outreach, and Brain Health and Wellness program.

Our website URL is [www.biawa.org](http://www.biawa.org). Our tax identification number is 91-1206800.

Thank you again for all that you do. Please let me know if you need anything else from us.

Sincerely,

***Maura Barstead***
