GENERAL GOALS: At Burlington-Edison School District we are embarking on a deep and deliberate review of all parts of our school system to determine our priorities in order to ensure that all students graduate with the essential skills, knowledge and attribute to succeed in our community.

SPECIFIC USE FOR THIS AWARD:

This award went to supporting programs and operational expenses.

For more information please read the attached report from Burlington Edison School District.

Dear Ms. Sheldon,

My name is Steven Finch. I am the principal at Allen Elementary School in Burlington-Edison School District, and I am serving as the district coordinator for our outdoor education program. Through your contribution of [REDACTED] last year, we were able to send 249 district 6th grade students, their 12 teachers, and 54 volunteer chaperones to a three-day educational experience at Camp Orkila on Orcas Island October 25-27, 2017. I have attached a photo taken during our experience (with more to follow in smaller email bursts), and it was a tremendous learning and community-building experience for our students. Additionally, we created a 15-minute video that I would be willing to share with you in some manner if you would like it.

It is no stretch to say that we created a life-long memory for our students, some of whom had never been on a ferry, or had never been on an overnight experience, or had never met with other students from our district beyond their home schools. Thank you for your critically important support in making this happen.

Sincerely,

Steve H. Finch, PhD, Principal

Allen School
Burlington-Edison School District
