Burned Children Recovery Foundation

Dear Caring Supporters,

On behalf of our Board of Directors and our children, I want to thank you for your generous contribution. Since 1989 we have been making a difference in the children's lives because of your commitment of supporting the Burned Children Recovery Foundation and our mission of providing hope and new beginnings to burned children and their families.

280,000 children are burned annually in the United States. How many have you seen? Our goal is to bring these children out from hiding and help them live full and productive lives. To date, we have distributed over 119,000 recovery packets to burned children and their families after fire and burns have changes their lives forever!

Helping our children is to make a permanent statement of your values. It is by this act that the world will remember you for what you cared about and what you stood for.

Thank you again for caring about our children. We hope that you will continue to support the Burned Children Recovery Foundation and our children.

Warmest regards,

23rd Annual Camp Phoenix, August 2013
