Good afternoon, Mrs. Sheldon.

I am writing you today with the report from Cedar Heights Middle School on your generous donation, which we received in August of 2018 from Tulalip Tribes Charitable Contributions in the amount of [REDACTED].

The impact that this donation has made on our 7th grade math students has been immediate.

With your donation, we were able to reach our goal of purchasing a Chromebook Cart loaded with 35 laptop computers. These 250 math students, who share these computers over the course of the day, have increased their math scores significantly due to the equitable access that this new technology has provided.

Please see the photos below of some of our 7th grade math students working on these new Chromebooks.

Thank you so very much for your support of our students and our school.

Warmest Regards,
Kristen
