Tulalip Tribes 2018/19 Scholars

Gabriana Hart - Ellensburg Campus

Major: Music Education

Minor: Choral Music Education

Class of 2020

Dear Tulalip Tribes,

My lifelong aspiration of attending Central Washington University for choral musical education is moving forward, and I must especially give thanks to generous educational scholarships like yours. Since being named on of the recipients of the Tulalip Tribes Scholarship, my dream is becoming a reality at Central Washington University. The [REDACTED] award gives me an opportunity to become a music educator, who will serve the Northwestern music education community that has also guided me during my growing years. Thank you personally for your generosity. Without scholarship patrons willing to support music education, students such as myself would be unable to pursue their dreams.

Your scholarship will help me support my education in many financial ways, as my resources of government aid become less accessible. I do not come from a background that is affluent and I am sincerely grateful for the Tulalip Tribes' assistance. As a non-member of the tribes, but with family involved in the Alaskan tribal community, I feel the genuine support of an extended family with this scholarship. My passion for CWU's music program is matched only by my love for the performance of choral music and vocal jazz music, as well as teaching and developing better knowledge of vocal singing. I would not be here to continue my education without the guidance and support of fellow music education colleagues, the music faculty that have influenced me and the support of my family and friends.

Once again, thank you for the vote of confidence and the Tulalip Tribe's scholarship. I am committed to my educational growth and to the music education field and I am one step closer to becoming a teacher thanks to your continued generosity and the Tulalip Tribe Scholarship!

Sincerely,

Gabriana Hart

Campus**

Major: Film

Minor: Screenwriting and Production

Class of 2022

Dear Tulalip Tribes,

Thank you for the Tulalip Tribes Scholarship. It was a complete surprise for me and I am so grateful for your support.

Being the first one in my family to be able to go to a university, it was a path that was new and daunting. With love and support that I receive not only my family, but also from the

Tribe, it gives me motivation to really find myself and to make my people and family proud of what path I choose.

I chose CWU because it was closer to my home, while still being able to be independent, and it has a good film program, which is my major. Studying in this field, I'm exposed to many paths like being a director, scriptwriter and other positions as well as being able to see what each person's role is in making a film. There are many opportunities and positions for my future when I decide which path I want to take.

Thank you again for this scholarship. Your support means the world to me.

Sincerely,

Alyssa Morris-Hatch
