Disclaimer: This report may be a summary of content provided by the recipient, not always complete quoted material.

The kids at Central Whidbey Cooperative Preschool are especially grateful to The Tulalip Tribes Charitable Contributions this year for their generous grant award. This year, we were able to add to our outdoor play area to enhance the children's daily learning experience. We believe that outdoor play is imperative to the children's learning as this is where they excel at imaginative play with their peers.

Specifically, we were able to purchase a new, two-story play house for our playground. The kids love to use the kitchen area to make "mud soup" using different items that they find outside. We also added an airplane teeter-totter which provides the space to pretend to be pilots or flying on a trip. Finally, we were able to purchase the materials to build a large sandbox with seating which fits our entire class. All of these new additions help our kids maximize their time playing outside in several different ways.

Thank you for the contribution to our school and the positive impact that you provided to our children.

Sincerely,
Central Whidbey Cooperative Preschool
Ryna Hatch - Board President
