## 2023 – 2024 Report

This report details the impact of the 2023-2024 Tulalip Cares Grant. The funding has supported our mission to provide nutritious and culturally appropriate food to over 100,000 individuals facing food insecurity within the Edmonds and South Snohomish communities.

### **Grant Impact:**

**Culturally Familiar Produce:** The grant has been used to purchase culturally familiar produce, ensuring that the food distributed meets our diverse customers' dietary needs and preferences. This aligns with our commitment to providing nourishing and culturally relevant food. Edmonds Food Bank spends approximately \$4,000 per week to provide produce to 1,000 households.

**Increased Access to Nutritious Food:** The grant has enabled us to enhance the nutritional quality of the food we distribute, ensuring that those we serve have access to healthy and culturally appropriate meals. This directly supports our mission to promote food security and well-being within the community.

### **Impact on Customers:**

The availability of culturally familiar produce has been positively received by our customers. Customers appreciate our efforts to meet their specific dietary needs and food preferences. This has resulted in:

- **Improved Customer Satisfaction:** Increased client satisfaction with the food provided.
- **Enhanced Nutritional Intake:** Improved nutritional intake for customers, contributing to their overall health and well-being.

### **Edmonds Food Bank Statistics:**

The Edmonds Food Bank serves 100,000 individuals annually, providing vital food assistance to those facing food insecurity. This includes supporting multicultural customers at our on-site distributions and partnerships with the Latino Educational Training Institute, Korean Community Services Center, Washinton West African Center, and Coalition of Health Workers for Migrants and Refugees. We are dedicated to providing nutritious and culturally appropriate food, guided by our nutrition policy and customer feedback.

### **Conclusion:**

The grant from the Tulalip Tribes has improved our ability to provide culturally relevant food to our customers. We are deeply grateful for this support and its positive impact on the lives of those we serve. We are committed to continuing our work in providing nutritious food and building a stronger, healthier community.
