

## Tulalip Charitable Contributions Funds Distribution Report

**NAME OF AGENCY:** Edmonds Public Schools Foundation  
**ADDRESS:** P.O. Box 390, Lynnwood, WA 98046-0390  
**CONTACT:** [www.edmondspsf.org](http://www.edmondspsf.org)

**GENERAL GOALS:** Edmonds Public Schools Foundation raises and distributes funds in support of all students' learning in partnership with Edmonds School District. In all that we do, we are: ethical, trusted, innovative, knowledgeable.

### **SPECIFIC USE FOR THIS AWARD:**

The Edmonds Public Schools Foundation wishes to thank the Tulalip Tribes Charitable Foundation for your very generous gift to the Foundation. We are tremendously pleased that we experienced outcomes far in excess of our projections.

For the 2013/14, academic year, we implemented new college preparatory programs that included: PSAT/PLAN testing for all freshmen & sophomore students, & increased college level course offerings to low-income students.

We are pleased to report that of the district's 1,500 sophomore & 1,500 junior students district wide, the number of sophomore students who took the PLAN test increased from approximately 23% to 87%, and the number of junior students taking the PSAT test increased from 28% to 77%. Exams were offered at our five comprehensive high schools during a school day. By doing so cost and transportation barriers were eliminated.

For more information regarding the specific uses of the award, see the following pages from Edmonds Public Schools Foundation.

# EDMONDS PUBLIC SCHOOLS & ALUMNI FOUNDATION

February 11, 2014

Ms. Marilyn Sheldon  
Tulalip Tribes Charitable Contributions  
8802 27<sup>th</sup> Ave NE  
Tulalip, WA 98271

Dear Ms. Sheldon:

The Edmonds Public Schools Foundation wishes to thank the Tulalip Tribes Charitable Foundation for your very generous gift to the Foundation. We are tremendously pleased that we experienced outcomes far in excess of our projections.

For the 2013/14, academic year, we implemented new college preparatory programs that included: PSAT/PLAN testing for all freshmen & sophomore students, & increased college level course offerings to low-income students.

We are pleased to report that of the district's 1,500 sophomore & 1,500 junior students district wide, the number of sophomore students who took the PLAN test increased from approximately 23% to 87%, and the number of junior students taking the PSAT test increased from 28% to 77%. Exams were offered at our five comprehensive high schools during a school day. By doing so cost and transportation barriers were eliminated.

Stipends were awarded to 117 students in financial need who received college credits for coursework. College in High School average course fees were \$130. Students with diverse or low-income backgrounds believe they lack the potential to achieve either an Associates or Bachelors degree. This program now gives them seeds of hope to pursue their dreams & seek higher education options.

Your generosity is appreciated by the over 2,577 students who directly benefited from the Career and College Access for All programs you so kindly funded. Thank you so much for helping to make our work and the dreams of our students possible!

Warmly,

Deborah Anderson  
Executive Director
