Tulalip Tribes Charitable Contributions Fund Grant for [REDACTED]

Final Grant Report for Evergreen Treatment Services (ETS): Q2 2024 14.2

All of our program participants live below the federal poverty line. Surviving in Seattle and greater King County on less than \$1,000 a month is extremely difficult and stressful. In addition to poverty, many are living with severe disabilities and have experienced chronic homelessness or are currently unhoused.

Your grant allowed us to support this extremely vulnerable population in obtaining and sustaining housing. We provided move-in assistance—including deposits, application fees, and first month's rent—as well as rental assistance to prevent eviction when individuals fell behind on payments. We also helped participants purchase phones to stay connected with friends and loved ones, reducing isolation, and covered transportation costs so they could attend housing and case management appointments.

In total, we were able to support nine individuals.
