Impact Report

**THANK YOU FOR
SUPPORTING
THIS VITAL
REPAIR WORK**

It has been a lot of work to get to this point. The lower level living dormitory area of the Women and Children's shelter had been under construction since early 2022.

**A YEAR WITH
UNIQUE
CHALLENGES**

To satisfy the sewer issue discovered, the residents had to vacate the lower living level to make way for concrete upheaval and a full rebuild of the sewer lines.

We learned the overall function of the system was compromised by the original layout of the lines and to get the proper fall and flow in the lines for the system to optimally work for our residents, we had to relocate the bathroom entirely to the other side of the space.

We couldn't have done it without your generous *support.*

TulalipCares.org

Tulalip Tribes,

Thank you

There were so many donors and volunteers involved with this project to support the need for our women and children in shelter. We appreciate every group, donor, grantor and volunteer who got involved to help us complete this work.

Your support was significant in our ability to finish this sewer overhaul
