Dear Marilyn and Tulalip Tribes Charitable Contribution Fund Members,

We are so grateful for your support and partnership in serving our community members with the basic need of food. The [REDACTED] gift you provided the Marysville Community Food Bank will make a huge difference in people's lives. When families visit the Food Bank to get groceries, it helps to not only nourish their bodies, but frees up resources that can keep them in their homes, pay for heat, buy clothing for their children, pay for fuel to get to work and buy medicine to stay healthy.

Your gift will pay for the turkeys we have on order and many food items that we will be ordering over the next several weeks and beyond. And, the funds will be used to purchase food for our Food For Thought program that helps our youngest generation focus on school and not their stomachs so they can prosper in life.

The timing of your support couldn't be better as we have been facing more families requiring support than ever before. It's a very difficult time for many families faced with steep housing costs and wages that fall short of covering their basic needs.

And, it's a very exciting time for us here at the Food Bank as we move to a new model of giving food to our families in need. In the beginning of the year we will transition to a "grocery store" model of food distribution which will provide a setting much closer to that experienced when visiting a local store. Our hope is to bring more dignity and empowerment to families and in doing so make it more comfortable for those who would rather go hungry than visit a food bank.

Thank you on behalf of all the families we serve, the board of directors, staff and volunteers.

Regards,

Dell Deierling, Director

Marysville Community Food Bank
