Dear Ms. Sheldon,

On behalf of Marysville Getchel Football and our Booster Club, we wish to thank you for your most generous grant donation toward our program. Currently, our football enrollment for this season is at roughly 110 student-athletes and we utilized your grant donation towards a season of helmet-sensor impact-monitoring provided by Athlete Intelligence DBA Sensortech, Inc.

Last week our Athletic Trainer installed twenty-five sensors into helmets of those student-athletes in high speed/impact-prone positions so that we can better monitor their safety on the field and you were an integral part of helping us see this goal into fruition and we'd like to see this use expand in the future.

You'll find attached a copy of your check, a copy of the invoice that was paid using the grant funds, and pictures of the sensors and their installment into our athlete's helmets which completes the project we outlined.

Again, we're incredibly grateful for your support of our student-athletes and our Booster Club to provide these safety measures to our team. For purposes of our non-profit 501 (c)(3) tax identification number for your records, it is #38-3835523. More about our Booster Club and the various clubs and athletic programs in which it serves can be found at MGHS Green & Gold Booster Club.

Coach Lura and our staff thank you for this treasured opportunity and look forward to your Raising Hands 2019 event in October.

Humbly,

Gena Seaberg
