July 29th, 2024

Impact report: Q3 2023 14.2  
[www.melodiccaring.org](http://www.melodiccaring.org)

Dear Marilyn and Tulalip Tribes Council,

We were honored to have been selected as a recipient for your 2023 Q3 grant cycle. Your contribution was instrumental in the success of our rockSTAR Request program. Since our founding, Melodic Caring Project has impacted 47,022 rockSTAR patients and family members.

With your support we were able to provide personal recognition, hope and joy to 56 individual rockSTAR kids battling serious illness in hospital and homecare rooms. This connection has a profound impact on the lives of the kids we serve, reaching through the walls of their isolation and letting them know they are seen and they are loved.

With your help we were able to grow our rockSTAR Request program this year:

In 2022 our rockSTAR Song Request program provided 731 rockSTAR Requests to kids and families battling profound illness. In 2023 we provided 825 song requests and personal messages of encouragement to our rockSTARS, which represents a growth of 12.8%. We've also added more Rockologists from around the country and world providing greater diversity in the music and artists we offer. This year we welcomed Rockologist Adi from Israel and Ben Waites from America's Got Talent onto our team of Rockologists.

Your support has contributed to this success and we are beyond grateful for your generosity, compassion and ongoing belief in our mission and programming. We look forward to a continued partnership that will impact even more kids and families in 2024!

Our most sincere thanks for your support,

Levi & Stephanie Ware  
President / CFO / Founders

# Our Mission has never been more essential.

---

Our unique and personalized programming offers virtual support by allowing artists to personally connect with patients, give shoutouts, perform songs and offer support. With the rise in hospitalizations and the growing mental and emotional health crisis, we've tripled the number of programs offered and experienced almost 551% growth in programs over the last 3 years.

# Testimonials.

"The support I get from the Melodic Caring Project is unlike any I have experienced. It is someone reaching into my darkest moment, and calling it beautiful. It is someone recognizing the struggle as the good fight that it is, and reminding me of its nobility when I forget... My involvement with the Melodic Caring Project has taught me to keep fighting the good fight. You are seen. You are appreciated. You are loved. You are courageous, and strong, and never alone."

~ **rockSTAR Alisha, age 17**

"Thanks for making today better. You seriously have made a huge difference for me over the last couple months. Thanks for the song! I love the whole Melodic team

(: Music can be joy, compassion, understanding - and each of you spread it across the world. I'm so blessed to be one of the people who gets to see Melodic change and brighten their life."

~**rockSTAR Erica**

"The whole time....feet tapping, and thoroughly enjoying every bit. She hasn't smiled that big for that long in a really long time. Thank you!!!"

~**Bunny, Molly's Mom**

# Our Impact + Social Reach

Since 2010, we've used the power of music and personal connection to provide ongoing support to over 47,000 patients and others battling illness and isolation around the world.

# The **KIDS** are the **rockSTARS**.

---

“When you tune into a Melodic Caring livestream, it’s not an arena concert. The artists are performing solely for the rockstars. Strobe lights glaring, backup choir belting, and singers soaking in the spotlight and sending it out as a melody are chilling, thrilling experiences for anyone, but for us, they’re life changing. Because of MCP, we rockstars have a reason to hope. Something enormously exhilarating to anticipate. A family who won’t abandon us. Pure, unhindered joy in the form of music. Andy Grammer said it best, “Call me naive, but I believe you’re gonna be okay. And call me naive, but tomorrow will be better than today. And if it’s stupid to see the good in everything, Lord, help me please, help me to be naive.”

Because of the Melodic Caring Project, I believe tomorrow will be better than today.”

## Jonathan.

Jonathan's rockSTAR Story is rooted in his rockSTAR Family and the incredible strength they've found in each other and their shared faith.

## Maya.

Mighty Maya and her family are a shining light and powerful example of grace and courage through trial. Maya's rockSTAR story is about that special light, the power of relationships and the power of personal connection.

## Tigi.

Tigi and her family tell the story of how Melodic Caring Project has impacted their lives. The musicians shout-out the name of the kids watching during the livestream concert offering them hope and encouragement.

## Myla.

This is the global premiere of Myla's #rockSTARstory. See how Melodic Caring Project has been able to support Myla and her family with music and connection throughout her battle with cancer and hear her song "Lucky Like a Ladybug" debuted for the first time.

# Testimonials.

"We are so grateful for the support and music therapy my son has received by participating in the Melodic Caring Project. To be honest, I have been pleasantly surprised at how effective this has been through a Zoom meeting rather than in person. I was skeptical, but I have watched my nonverbal developmentally-delayed child become so excited and motivated by the music and interaction with Katie. It's obvious that his sessions are the highlight of his day. Katie has been working with Ian on colors by using a Pete the Cat book. During the last session, Ian turned to me when she asked, "What color are Pete's shoes now?" Ian looked at me, opened his mouth and was trying to get a sound out to form the word. I 100% know that he was trying to say "blue". To witness this is to witness a miracle. To see Ian's understanding, participation and progress is more than I ever expected. For someone that was told her child would never be more than non-responsive and just stare at the ceiling, this is priceless. Thank you for offering this option to those of us that wouldn't have the option for music therapy otherwise."

**~rockSTAR Ian's mom**

"My MCP rockSTAR One-on-One Sessions have provided such a safe space for me to be able to process and explore my emotions and circumstances especially through listening to music and lyric analysis. I'm so grateful to MCP for providing these opportunities for rockSTARS of all ages."

**~Francesca (rockSTAR)**
