Dear Ms. Sheldon:

On behalf of the Board of Trustees and staff at Museum of Glass, thank you again for the grant of [REDACTED] from the Tulalip Tribes Charitable Fund (**Q4201414.2**) in support of the Museum's 2015 School Visit Program. In 2015, Museum of Glass served 5,263 area students, 20% of whom participated free of charge thanks to donors like Tulalip Tribes.

Students participating in the School Visit Program are engaged in their own classrooms before and after the visit through a Museum of Glass curriculum that introduces artistic concepts in alignment with Washington State educational standards. These standards include the study of line, shape, form, color, value, texture and space, as well as the principles of design. Design principles include repetition and pattern, contrast, emphasis and dominance, variety, balance, movement and rhythm, proportion, harmony and unity.

Once students arrive at Museum of Glass, they spend three hours at the Museum touring the galleries, watching glass art being created in the Museum Hot Shop (where their questions are welcomed), and then having the opportunity to create their own artwork in the Museum's Studio. Their art projects align with the exhibitions on view in the galleries and reinforce the concepts mentioned above.

The Museum of Glass School Visit Program has become an invaluable and welcomed time of student enrichment in area schools where the teaching of state-mandated art principles is now left up to individual teachers who must find a way to incorporate the arts while still ensuring that their students perform well on state-mandated tests.

The gift from the Tulalip Tribes Charitable Fund enabled Museum of Glass to host 333 students from Meeker Citizens of the World, Tyee Park Elementary, Tillicum Elementary, Mill Pond Elementary, Boze Elementary (50%), Mullenix Ridge Elementary, Kitsap Lake Elementary and Lister Elementary (50%). Tulalip funds were also used for transportation of students from Tyee Park Elementary and Tillicum Elementary. Some of their thank you notes are attached to this report.

Museum of Glass is very grateful for the ongoing partnership we have with Tulalip Tribes and we look forward to exploring new ways to make an even greater impact on our community together.

Warm Regards,

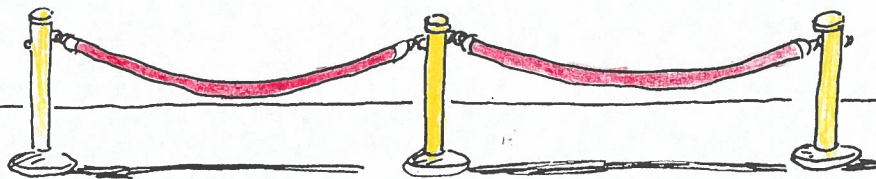

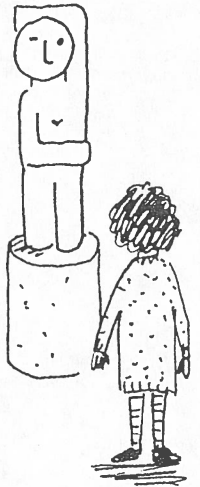

Deborah Lenk

Dear Glass Museum,  
Thank you for a  
tremendous field trip! All  
the glass was sooooo  
beautiful. The hot shop was  
well, hot but so cool. The  
glory hole looked so hot!  
The fax room was my  
favorite. (So many pappers!)

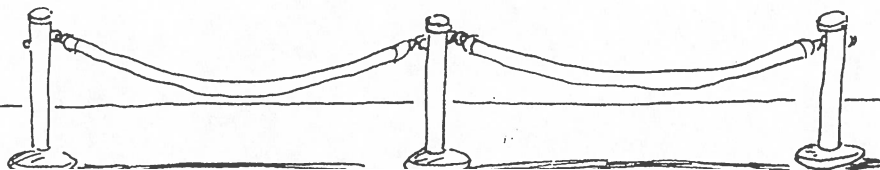

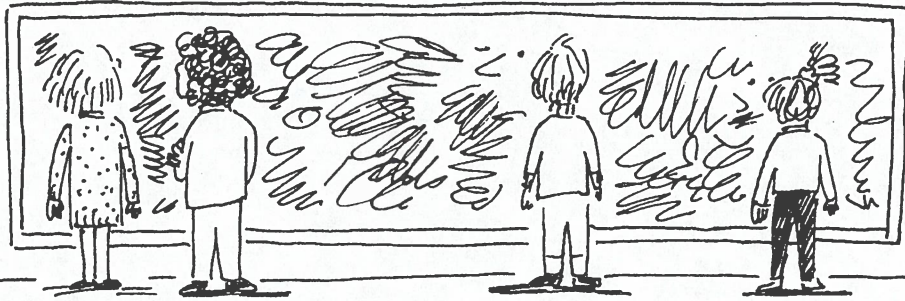

This field trip was the  
 highlight of my whole  
 school year. I am sooo  
 exited to come back

From,

Meredith

Dear Glass Museum,  
 Thank you for an  
 amazing field trip.  
 My favorite part  
 was making the rose  
 windows and seeing  
 The hot shop! I hope  
 to come back.

From, Ella

ear glass Museum,

had a lot of fun I like all of the glass that you  
ow to us it was awesome I will never forget that  
ment I learned a lot. Sincerely

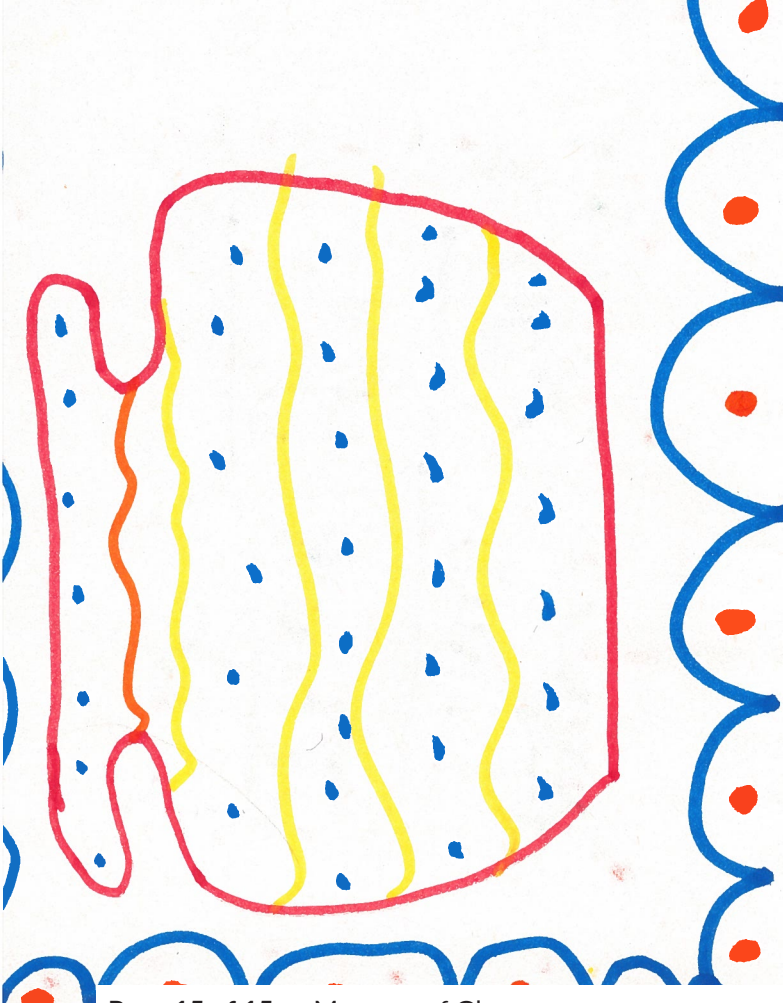

Romayah ♡

Dear Tacoma Museum of Glass, I really enjoyed the Hot shop when they were blowing and when they were spinning the glass. I learned when you put the glass in the oven it heats up to 2300° Fahrenheit. I also enjoyed the neon glass work. I thought it was amazing when you light it up with the colors and the machine. Thank you for showing us the tour.  
From,  
Kevin

Dear Tacoma Museum of G  
 Thank you for letting  
 is come to your museu  
 It was a exiting experien  
 to see all of the neon, and  
 the peices of glass. The hot-s  
 was really neat. Thanks again
