September 25, 2017

Code: Q12017 14.2

Thank you for your donation and I have completed the project to paint the interior of the home and replace the 40 year old gutters around the home.

The total recipients benefiting from these projects are the 5 clients that live in the home, the 9 direct care staff working throughout the week, the program manager and me.

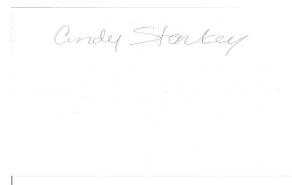

I'm in the process of designing our website so it is not available at this time.

I have included pictures of the newly painted walls and the new gutters.

The accompanying photos show the newly painted walls in a bathroom, laundry room, living room & kitchen, plus upper wall & ceiling of the entryway stairway.

You also have photos of the new gutters

With gratitude,

Cindy Starkey
