GENERAL GOALS: We are a friendly, caring, unpretentious community where everyone is family. Our staff breaks records for length of service, providing highly competent service.

SPECIFIC USE FOR THIS AWARD:

Northaven is honored to have received a generous donation from the Tulalip Tribes Charitable Fund to help replace our 20 year old bus. For the residents of Northaven our bus is mobility....trips, the theater, sightseeing, shopping, going to the casino. It is a way to remain engaged with the world around them. We have had to begin curtailing trips because our aging bus is not always reliable any longer.

Our residents have raised \$53,000 through their own small but frequent donations and in house fundraising. Your generous gift gets us closer to our \$79,000 goal. Our 194 independent living residents and 42 assisted living residents grow more excited daily as they watch the climb. They were so ecstatic to see the jump in funds when I added your grant. It was a huge morale boost.
