Orcas Montessori School

Offering a creative learning community for preschool
and kindergarten children of Orcas.

Tulip Cares Fund Report

This past year the Orcas Montessori School was grateful to receive [REDACTED] from the Tulip Cares Charitable Organization for general operations support in order to keep tuition affordable and to allocate a portion if needed for scholarships.

1. Last school year the school granted almost \$14,000 in scholarships to families. Two thousand two hundred dollars were especially helpful in making our program possible for a child who was not ready for kindergarten and whose family could not afford the tuition for another year of preschool. Although we have a robust scholarship fundraising and donation program, this grant made it possible for this child to attend two extra afternoons each week, which really helped her dramatically improve her academic skills. The remainder of the funds went to operation funds to maintain our facility and outdoor environment which benefits all the children.
2. The number of recipients impacted was our whole school community of 28 families which includes the families of enrolled children and staff, about 112 people.
