Re: Q4 2023 14.2 Report for [www.outcastproductions.net](http://www.outcastproductions.net)

Dear Ms. Sheldon:

First, I want to apologize for the tardiness of this report. 2024 was a very busy year (in a good way) for our theater, but some of our capital improvement work had to be delayed due to scheduling conflicts until close to the end of the year. The OutCast Black Box Theater had our best year ever, selling close to 95% of our seats for the season, serving close to 2,000 patrons in our 50-seat theater. Having made note of this, it is my pleasure to report that we used the [REDACTED] grant you gave to us back in April 2024, to purchase and install more LED stage lights as we are finishing up our conversion to all LED's now that our Capital Campaign successfully raised the \$54,000 necessary. We are in the process of purchasing and installing the final 4 lights in the next two months with other funds that were raised. With your funds plus some funds from other donations, we ordered and installed 2 Fresnels and 1 Ellipsoidal light. As a reminder, each Fresnel instrument costs approximately \$1250 plus tax, and each Ellipsoidal costs approximately \$1900 plus tax. We completed installation in early November, prior to our final production of the season.

Below are photos of the 3 instruments we purchased. We again want to thank you for your generosity in supporting OutCast Productions/Black Box Theater and our artistic endeavors.

*Ned Farley, Managing & Artistic Director*
