Subject: ROOTS Grant Report - **Q3 2022 14.2**

Dear Tulalip Tribes Charitable Contributions Fund,

Thank you for your recent donation of [REDACTED] to ROOTS Young Adult Shelter in Seattle. During the month of December 2022, ROOTS provided over 1,100 bednights to more than 65 young adults experiencing homelessness. Over the course of 2022, ROOTS experienced a 57% increase in the number of new guests accessing Shelter, as well as a 34% increase in our total Shelter utilization rate year-over-year. While we are encouraged that young people are accepting our services, we are disheartened by the apparent sharp increase in need.

ROOTS is a true low-barrier shelter in which all are welcome, regardless of circumstances. As a result, up to 20% of our guests on any given night have been banned from other local shelters, meaning that ROOTS is often their only option for a safe place to sleep. Far beyond just a warm bed for the night, ROOTS' guests are invited to take advantage of our numerous other programs and services, including: twice daily meals, hygiene/laundry facilities, specialized case management, peer support, access to a computer lab, and housing and employment referrals.

Thanks to your donation, ROOTS is able to continue our mission of partnering with young adults on their journey to stability. With a new round of facility renovations right around the corner, we can't wait to share our vision for the future with you and all of our generous donors. On behalf of everyone at ROOTS, thank you!
