ADDRESS: 712 54th Ave E, Tacoma, WA 98424
CONTACT: (253) 238-0977; www.rebuildingtogetherss.org

GENERAL GOALS: To improve the homes and lives of low-income homeowners.

SPECIFIC USE FOR THIS AWARD:

To assist with free emergency reports and home modification to low-income homeowners (elderly, disabled, and people with children).

Rebuilding Together South Sound has been busy. In the past year we have dramatically increased our total impact, broadening our reach from 68 homeowners served in 2014 to 81 homeowners served throughout the South Sound this last year. This included 3 households encompassing 10 individuals who identified as American Indian, where we installed significant safety modifications including grab bars, a wheelchair ramp, and a new porch, which will increase accessibility.

– Taylor Family, Rebuilding Day Recipients

We couldn't agree more.

Rebuilding Together South Sound has been busy. In the past year we have dramatically increased our total impact, broadening our reach from 68 homeowners served in 2014 to **81 homeowners** served throughout the South Sound this last year. This included 3 households encompassing 10 individuals who identified as American Indian, where we installed significant safety modifications including grab bars, a wheelchair ramp, and a new porch, which will increase accessibility.

With more than **640 volunteers** giving over **4,800 hours of time**, for a market value of **\$400,000 in repair work** completed, we have been able to guarantee a safe and healthy home for even more people. Take a look at how some of these donations translated into real world home-repairs for those in our community who need it the most:
