Re: Final Report for Q2 2014 14.2. and Q2.2014 14.3

Dear Ms. Sheldon and Board Members:

The Tulalip Tribes Charitable Fund granted [REDACTED] in 2014 to purchase a second furnace for our state of the art hot shop and expand opportunities for professional artists, as well as training for students. *(I have included a photo sheet.)*

We still need \$20,000 to purchase the furnace. However, those funds are held in reserve as we work to finish fundraising the full purchase price of \$40,000.

In 2014, more than 2,000 students, citizens and professional glassblowers benefited from use of the Schack Hot Shop. Some took classes to learn to blow glass. Others stepped into the shop to work with the glassblowers to create unique seasonal glass, i.e. glass sea floats. And, many professional glassblowers and their teams from throughout Snohomish County and beyond rented the hot shop to create works for private collections, galleries and museums.

One student wrote us: *Learning to blow glass has been a lifelong dream. Thank you for giving me the opportunity.*

With the addition of the second furnace, we anticipate a 30% increase in the number of people impacted. We are thrilled by the potential to impact more community members of all ages with access to high quality art production equipment.

And on behalf of our board, staff and a grateful community, we THANK YOU for believing in our work and investing generously in artistic tradition.

Respectfully,

Judy Tuohy  
Executive Director

**A second furnace for the Schack Hot Shop  
will...allow 30% more people to  
learn and practice glassblowing in Everett!**
