SPECIFIC USE FOR THIS AWARD:

Attached is a collage of our 2014 car show fund-raiser. This fund-raiser has been an annual event for the last six years and continues to grow within our community and surrounding areas. All funds raised during our events go towards supporting the programs and services we offer here at the Stanwood Community and Senior Center. Proceeds from this year's car show went to support our Life Enhancement Assistant Program. This program provides meals, housekeeping services, and medical transportation for those within the community at a discounted price. In 2013 we provided over 3,000 units of service to our community.
