Re: Q2 2018 14.2

Dear Ms. Sheldon and Board Members:

Enclosed you will find a final report on the [REDACTED] granted by the Tulalip Tribes in 2018 for installation of new LED lighting in the Schack Art Center gallery and retail space.

We used the funds for the installation of Juno LED tracks at the Schack entry. This upgrade already allows an enhanced audience experience, preserves artwork and improves the safety of our patrons. Furthermore, it increases staff efficiency and time lost to replacing bulbs in the conventional fixtures.

The investment of the Tulalip Tribes strengthens our ability to serve the community and demonstrates environmental stewardship.

THANK YOU!

We are grateful for this remarkable generosity! And, I hope you will call if you have any questions.

Sincerely,

Judy Tuohy  
Executive Director

Grant Report

**Applicant Information**

Organization Name	Arts Council of Snohomish County dba. Schack Art Center
Year Organization Incorporated	1974
Address	2921 Hoyt Ave., Everett, WA 98201
Phone	425.259.5050
Contact Name	Carolyn Herzer
Contact email	<a href="mailto:cherzer@schack.org">cherzer@schack.org</a>
Program Funded	2018 Capital Improvements - new LED lighting in the Schack Gallery and retail space
Grant Amount	██████

**Update:**

August 2018, Schack Art Center was awarded a ██████ Tulip Cares grant to help replace lighting in the Schack Gallery entry and retail gallery with high efficiency LED fixtures.

The gallery entry lights have been replaced (as pictured right). We already see a difference with the Juno LED tracks at the Schack entry. These lights burn 24 hours a day, seven days a week and no replacements have been needed. There are no black holes from burned out bulbs and artwork is not compromised. And, the retail gallery lights are scheduled for replacement January 2020. Our electrical contractor retired before fundraising was complete and we could move forward with the retail replacements. We have identified a new contractor and January is the *only* month our busy retail gallery can close down for three days to complete this installation.

New LED lighting in the Schack Gallery addresses challenges outlined in our proposal that include: 1) demonstrating environmental stewardship; 2) safeguarding guests and artwork; and 3) maximizing staff efficiency and safety.

**Additional Funders:**

These included the Everett Cultural Arts Commission, ██████, the Norcliffe Foundation, ██████ and the Nysether Family Foundation, ██████
