RE: Q4 2023 14.2

Dear Ms. Sheldon and Trustees,

Thank you for continuing to support children coping with the death of a parent, sibling, or other loved one. Judi's House latest research shows that 1 in 7 youth in Washington will experience the death of a parent or sibling before the age of 25. Your generous gift of [REDACTED] helped more than 700 grieving children receive the emotional support needed to rediscover joy, security, and possibilities that all young people deserve.

With your help, Safe Crossings Program served youth between the ages of 6-18 by providing support through in-home and virtual counseling sessions, holiday events, phone or email consultations, and school support such as crisis response, free grief support curriculum, and consultations for school counselors. Additionally, a grief-focused summer camp for children and teens was available as well as training for professionals working with youth who have experienced grief.

Please visit our website at www.safecrossingsfoundation.org to see stories about children and families who were helped by your donation in 2023.

We have attached to this email photographs of programs funded in part by the contributions of Tulalip Tribes Charitable Contributions.

On behalf of the entire Board of Directors and staff of Safe Crossings Foundation, thank you so very much for your continued generous support of children as they cope with grief.

Sincerely,
