Grant Report

Report code: Q3 2020 14.2

Charity URL: [SAFe Home • Seattle Area Feline Rescue](#)

Grant funding from Tulalip Tribes Charitable Fund has made it possible to help ease food insecurity and bring comfort and peace of mind to struggling pet owners in our community. We have been able to purchase sturdy shelving and bins to keep supplies clean and dry, as well as make sure that there is food available every day.

With the assistance of this grant, SAFe Rescue was able to nearly double the number of households served by the Stay SAFe Pet Pantry during the grant period. We saw an average of 92 visitors per week this October, compared to 49 per week in January of 2021.

As economic hardship continues for many households in our area, the pantry remains a much-needed resource, helping to keep pets with the people who love them and preventing families from having to choose between caring for their four-legged-friends or themselves.

The positive impact that this grant from Tulalip Tribes Charitable Fund has had for the community shines through in the quotes and photos below. All of us here at SAFe Rescue are grateful for your support, as are many humans and animals in our community!

Quotes from Families Served by the Stay SAFE Pet Pantry

"Thank you so much for your 'donation station'. It's saved my dog from missing a meal when I can't get to the store. We both thank you!" -N.

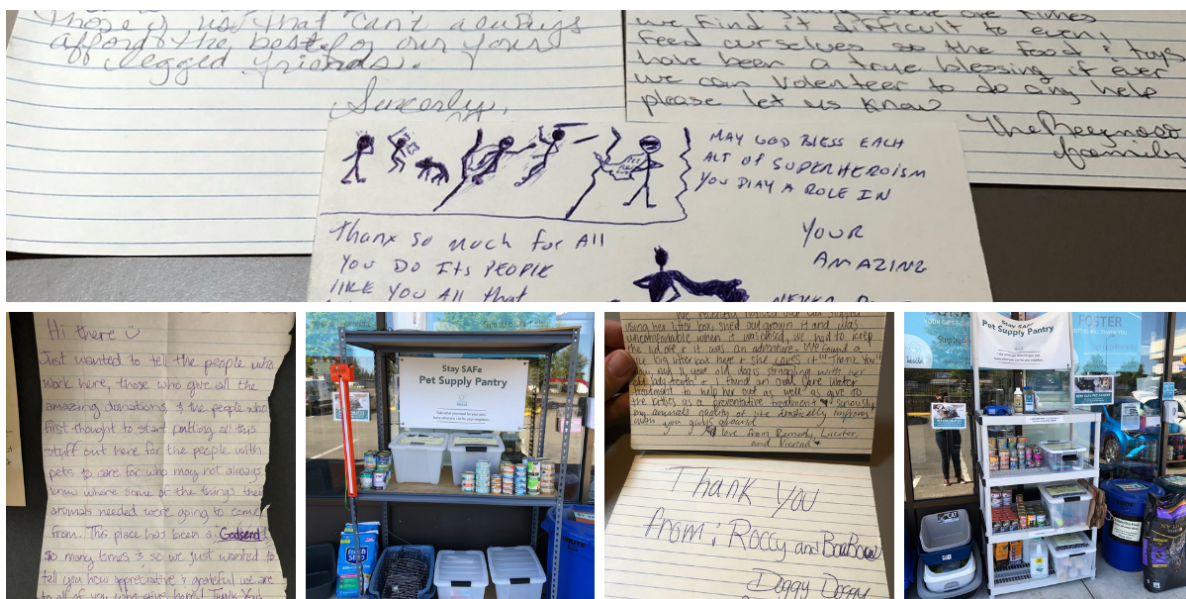

"Though we strive to give our cat everything, there are times we find it difficult to even feed ourselves, so the food and toys have been a true blessing." -Cheyenne

"Thank you so much. It is very appreciated for those of us who can't always afford the best for our four legged friends." - Sheila

"Thank you! I LOVE having a place I can go for cat food, toys, litter, etc. when I'm low on cash and can't get anything. It's an awesome way to help the community!" - Samantha

"Thank you for all of the wonderful donations you always make available here. It's super cool that you are thinking so much about others and their pets needs - particularly those of the homeless and the many varieties of babies they may keep by their sides year round, roof or no roof! We have been helped several times by some of the thoughtful items you have put out. Thank you for having such big hearts and for wanting to help with a problem you know is out there in front of you every day and be part of the solution." - Anonymous

"My animals' quality of life drastically improves with you guys around." - Remedy, Lucifer, and Vienna
