TULALIP TRIBES CHARITABLE FUND

Marilyn and the Tulalip Tribes Council,

Your support makes inclusion possible. This year Sherwood was recognized by the Snohomish County Council through a Resolution recognizing and valuing “the services provided by Sherwood to our community and encouraged Snohomish County companies to consider employment of those with disabilities, and for all residents to create inclusive environments for children and adults with disabilities”. We are so proud of this milestone and know that this feat was possible because of the continued support from the Tulalip Tribes Charitable Fund. We extend our sincerest gratitude for your continued support. The Tulalip Tribes support continues beyond a financial partnership as one of our clients is employed at the Tulalip Resort Casino. You believe in our mission and you believe in the abilities of individuals with disabilities in our community. Thank you.

The Tulalip Tribes Charitable Fund’s investment enabled a difference to in 908 lives last year. Our Early Intervention team served 743 infants and toddlers and 165 adults received employment supports through our Vocational Services program.

We never ever stop believing in the abilities of children and adults with disabilities. We continue to see success in each of our programs and hope you celebrate these successes just as much as we do.

Success is shy **Yeimy gaining the confidence and tools to communicate** through speech therapy and moving closer to reaching her developmental milestones.

Success is **Greyson progressing in core strength, tolerating solid foods and smiling for the first time.**

Success is **Josh learning to stay on task at work and setting goals** for his future.

Success is **Devan earning his first paycheck.**

Success is **Susan being recognized as Employee of the Month for her valuable contributions.**

Success is **Adalynn’s mom watching her roll over for the first time.**

Thank you for believing with us!

Sherwood provides innovative, inclusive services for children and adults with disabilities in their communities.
