Solumination Final Report for Tulalip Tribes Charitable Fund April 2026

of recipients impacted: 241

URL: www.solumination.org

Report code: **Q2 2025 14.2**

Solumination celebrates life through photography. Our vision is that families facing life-threatening conditions can cherish and celebrate the lives of their loved one through professional photographs and treasured keepsakes. We are grateful to Tulalip Tribes Charitable Fund's support in 2025 of our Legacy Program, which serves families with life threatening conditions. We are honored to provide you with a Final Report to highlight the impact your partnership had on families in Washington!

Program Results and Impact

In 2025, Soulumination served 241 families with children 18 and under currently facing a life-threatening condition or with a parent currently facing a life-threatening condition. This is an increase of 18% over 2024, illustrating the growing desire for these services as more families learn about the opportunity!

"These images are hugely important to us and our two other children in remembering their baby sister." *-family testimonial*

Working with a team of volunteer professional photographers and community volunteers, we conduct customized professional photo sessions. We create and provide a private online gallery and custom legacy gifts, free of charge. Each family received a professional photo session, private online gallery, and custom legacy gifts, free of charge.

Referring partners in 2025 included: Seattle Children's Hospital, Mary Bridge Children's Hospital, Providence Sacred Heart Medical Center, UW Medical Center, Compassus - formerly Providence Stepping Stones, Footprints of Fight, and many individual family members.

By the numbers, we achieved the following:

- 241 families received photo sessions and legacy photographic gifts
- 60 photographers provided the following pro-bono photography services:
 - \$170,000+ worth of photography services donated
 - 700+ hours volunteered
- 61 community volunteers provided the following support for our program:
 - *Phone/Customer Service Support*: More than 2,400 hours donated by volunteers who cover phone lines to respond to families and referrals from 4:30pm-9pm on weekdays and 8:30am-9pm on weekends.

- *Legacy Gift creation:* More than 400 hours contributed by volunteers who create our mini albums and photo charms by hand, and assemble our Legacy gifts out of our Sand Point Way office.
- *Events:* Over 600 hours dedicated by volunteers who help plan, produce, and staff multiple community events throughout the year.

The most important result is the benefit and blessing this work is to the families we serve. Soulumination is honored to do this work, to be allowed into the sacred spaces with the families we serve, to preserve the spectrum of memories. Families maintain all rights to their images with the option to release them to us for use in bringing awareness to our work. This video captures the importance of this work to families as well as the healthcare provider partners we work with. https://youtu.be/25_7nmHIKlg

Some of the testimonials from families over the past year include the following:

- *“The Soulumination photoshoot and physical gifts serve as an everlasting memory of our daughter’s final weeks of life in the hospital. We are incredibly grateful, and they mean the world to us.”*
- *“The images from Soulumination mean everything to us. These are memories we get to hold on to forever.”*
- *“Our photos and gifts marked a huge milestone in our cancer journey. These gifts will be forever cherished!”*
- *“These photos are a tangible reminder of our strength and love.”*
- *“We will always cherish these photos as a piece of his story. They are our reminder of the love that surrounded him, even in the toughest moments.”*
