Tulalip Cares administrators:

This letter is to report back on your last grant funding of our organization, which came in August of 2022.

Thanks largely to your funding, we have been able to extend tuition assistance to the 20% of our families who need that assistance. This represents about 30 children (some pairs of children within the same family) who can participate in our after-school music program who might not have been able to afford it otherwise.

Additionally, the operational stability provided by grants like yours allowed us to successfully fundraise specifically for a 24' cargo trailer, which was funded in large part by donations from within our own community. Our new trailer will allow us to perform much more in the community than before, when we relied on rental trucks. We now have that trailer, and will be outfitting the interior with custom racks and tie-downs so that the investment we have made in our instruments is better protected in transit.

As an organization on the ascendency, every donation and grant we receive functions as a tangible investment in the broad community we all share. We are so very appreciative of your ongoing support.

Thank you as always.

Sincerely,

Gary Gibson
Executive & Artistic Director
