Disclaimer: This report may be a summary of content provided by the recipient, not always complete quoted material.

The Tulalip Tribes are helping students thrive through their Tulalip Cares Charitable Contributions Fund!

The students we tutor are Native American and the children of immigrants from Eritrea, Ethiopia, Mexico, and the Philippines.

They are all are low-income. When the COVID-19 pandemic closed schools last spring, these students experienced food-insecurity and needed help with groceries. Your grant provided more than 100 families with grocery gift cards. In this short clip, a mom talks about the groceries that you've generously helped provide. Her son Ben is a smart, funny 6th grader who likes to build robots
