Purpose: Spark joy and inspire a love of math in young children and families through racial equity, family engagement, and play, all centered in the experiences of communities of color. Our work prioritizes the needs and experiences of families of color through relationships that assumes strengths in the community combined with listening and co-creation as the basis for achieving equity.

Outcomes: Zeno already has a track record of impacting the lives of BIPOC children in Washington State and beyond. With the Tulalip Tribe's [REDACTED] investment, in 2022 Zeno:

- Distributed 27,000 math game kits.
- Reached 4600 families across.
- Worked with over 80 partners across 16 Washington counties.

Thank you for helping to move us closer to the world we envision – a racially just world where every child and family is a doer and lover of math.
